nut milk bags
sprouting bags
juicing bags

high quality nut milk, sprouting, and juicing bags. each bag is hand made in our shop here in vermont and quality tested to ensure that you receive the finest product. satisfaction guaranteed.

these bags are ideal for any number of straining or sprouting uses. fine mesh material minimizes sediment and allows for sprouting of even the smallest of seeds and grains, while bias cut, surge sewn construction ensures durability. we make these bags based on experience and prefer them in our own kitchen.

each bag comes with a nifty how-to and recipes sheet that linda created which shows how to use and care for this product, how to make juices with this bag, how to make nut milks and how to sprout. plus recipes to make things with the mash that's left over! fantastic!
